

Chelsi Jain

Frontend Web Developer & MCA Student

Education

- Master of Computer Applications (MCA) - Savitribai Phule Pune University (SPPU)
- Vice Chairperson, ACM Student Chapter

Experience

Cybersecurity Intern | ASD Cybersecurity * Conducted vulnerability assessments and penetration testing on web applications. * Monitored network traffic for suspicious activities and drafted daily security reports.

Projects

Scan-to-Shelf Kitchen Manager | *React.js, Vision AI* * Engineered a scalable web application with React.js, implementing a modular frontend architecture and managing global state effectively with Context API. * Integrated Vision AI via RESTful APIs to accurately process and parse grocery receipt data, enhancing user input efficiency.

LinkedIn Automation Agent | *Python, CrewAI* * Architected a scalable automation script utilizing Python, improving task efficiency. * Streamlined data organization processes using CrewAI, resulting in a more structured and accessible data repository.
