📍 Pune, Maharashtra

Profile

Passionate Frontend Developer with experience building high-performance, responsive web applications using the **React** ecosystem. Expert in crafting pixel-perfect UIs and optimizing web performance to deliver seamless user experiences. Proven track record in reducing load times and improving Core Web Vitals.

Skills

- | | |
|----------------|-----------------|
| • JavaScript | • TypeScript |
| • Tailwind CSS | • Git |
| • React.js | • Redux Toolkit |
| • React Query | • Jest |

Professional Experience

Frontend Web Developer Intern | ASD Cybersecurity Remote | Dec 2025 – Present

- Developed a custom component library using **React** and **TypeScript**, reducing feature development time by 35%.
- Optimized dashboard performance, improving **Lighthouse scores** from 65 to 95 through code-splitting and lazy loading.
- Collaborated with UI/UX designers in **Figma** to translate prototypes into production-ready interfaces with 98% design fidelity.

Web Development Consultant | Freelance Pune, Maharashtra | Aug 2025 – Nov 2025

- Architected a responsive e-commerce platform that increased mobile engagement by 30%.
- Implemented **Jest** and **React Testing Library** suites, raising code coverage from 38% to 82%.

Projects

LinkedIn Automation Agent (Agentic AI)

- Built a multi-agent system using **CrewAI** and **Gemini 1.5 Pro** to automate job search and resume scoring.
- Integrated **Playwright** for web scraping and **PDFSearchTool** for automated ATS analysis.

25th Anniversary Celebration Website

- Designed and deployed a responsive tribute site using modern CSS Grid and Flexbox layouts.
- Achieved a 43% improvement in load time by implementing asset compression and preloading critical assets.

Education

Master of Computer Applications (MCA) | Savitribai Phule Pune University (SPPU)
